Dear Members of the Key School Community,

We are aware of recent social media activity relating to the allegations of inappropriate behavior and relationships between former faculty members and students in the 1970s and 1980s. The School is deeply concerned by these reports and will investigate them immediately and without delay. Key is launching a thorough and transparent third party investigation of any reported sexual misconduct, while respecting the wishes of any potential victims.

Once the parameters of the investigative process are in place, we will be in contact with you and all members of the Key community to provide more information about the process and the resources for information sharing.

The safety and well-being of all students, alumni, parents, faculty, and staff is the School's highest priority. We look forward to your support and cooperation as we take these necessary steps to do the right thing for Key School and all members of the Key community.

Regards,

Matthew Nespole
Head of School

Joe Janney
Board of Trustees President
